To Whom It May Concern

RE: STUDENT REFERRAL FOR INTERNSHIP / JOB PLACEMENT

It is my pleasure to recommend **Pelagia Svare** , who is currently enrolled in the **Technology Bootcamp** at **Uncommon.org**.

Throughout the program, Pelagia has demonstrated commitment to learning, professionalism, and a willingness to develop practical, industry-relevant skills. Our training model focuses on digital marketing, software development, and product design. We focus on this experience through world projects, collaborative assignments, problem-solving, and continuous professional development, ensuring that students are prepared to contribute effectively in the workplace.

During the program, she has gained experience in areas including the following:

- Crash Course - Digital Marketing
- Front-end and back-end React Frameworks
- Vite
- Next.js
- Backend Node.js & Express
- Fire Base
- Supa Base
- Professional Communication
- Entrepreneurial skills
- Prompt Engineering

In addition to technical skills, Pelagia has participated in practical projects, presentations, teamwork activities, and industry engagements that have strengthened communication, critical thinking, adaptability, and professional conduct.

We are confident that Pelagia will be a valuable addition to your organisation as an intern or entry-level professional. We kindly ask that you consider them for internship or employment

opportunities where they can continue developing their skills while making a contribution to your team.

Should you require any additional information regarding this recommendation or the student's training, please do not hesitate to contact us.

Thank you for your time and consideration.

Yours faithfully,

Gracious Tshabangu
